PALMS CASINO RESORT GHOST BAR

The beating heart of the newly restored Palms Casino Resort, The Ghost bar is the pulse of Las Vegas, as inviting and vibrant as the city itself. High above the strip, the rooftop bar engages guests on a journey of discovery and unexpected delight.

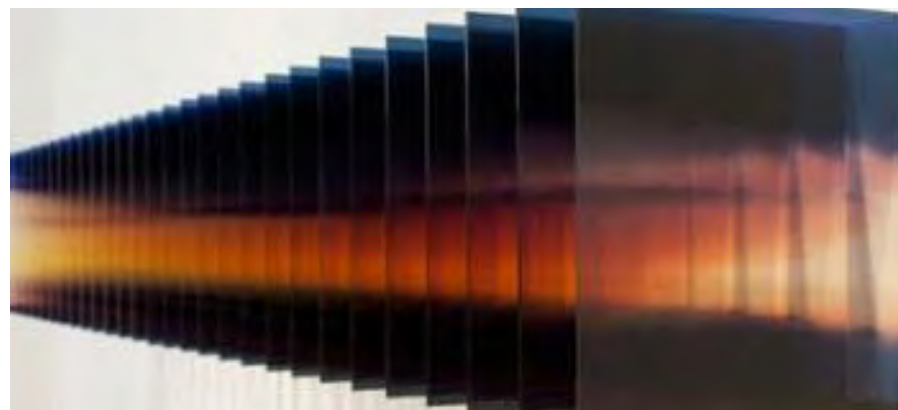

OVERALL FEEL:

An ascent to the sky, the Ghost bar captivates all of the senses, reaching its peak where the night sky and city lights converge in a transformative, captivating moment. Dramatic plays on light meet tactile details to create a liberating experience that leaves a lasting impression.
