PALMS CASINO RESORT BAR LOUNGE & HIGH LIMIT

An engaging newcomer on the casino floor, the Bar Lounge & High Limit at the revitalized Palms Casino and Resort is a contemporary expression of the classic library lounge. Tucked away from the surrounding casino games, this hidden gem captivates and immerses the senses.

OVERALL FEEL:

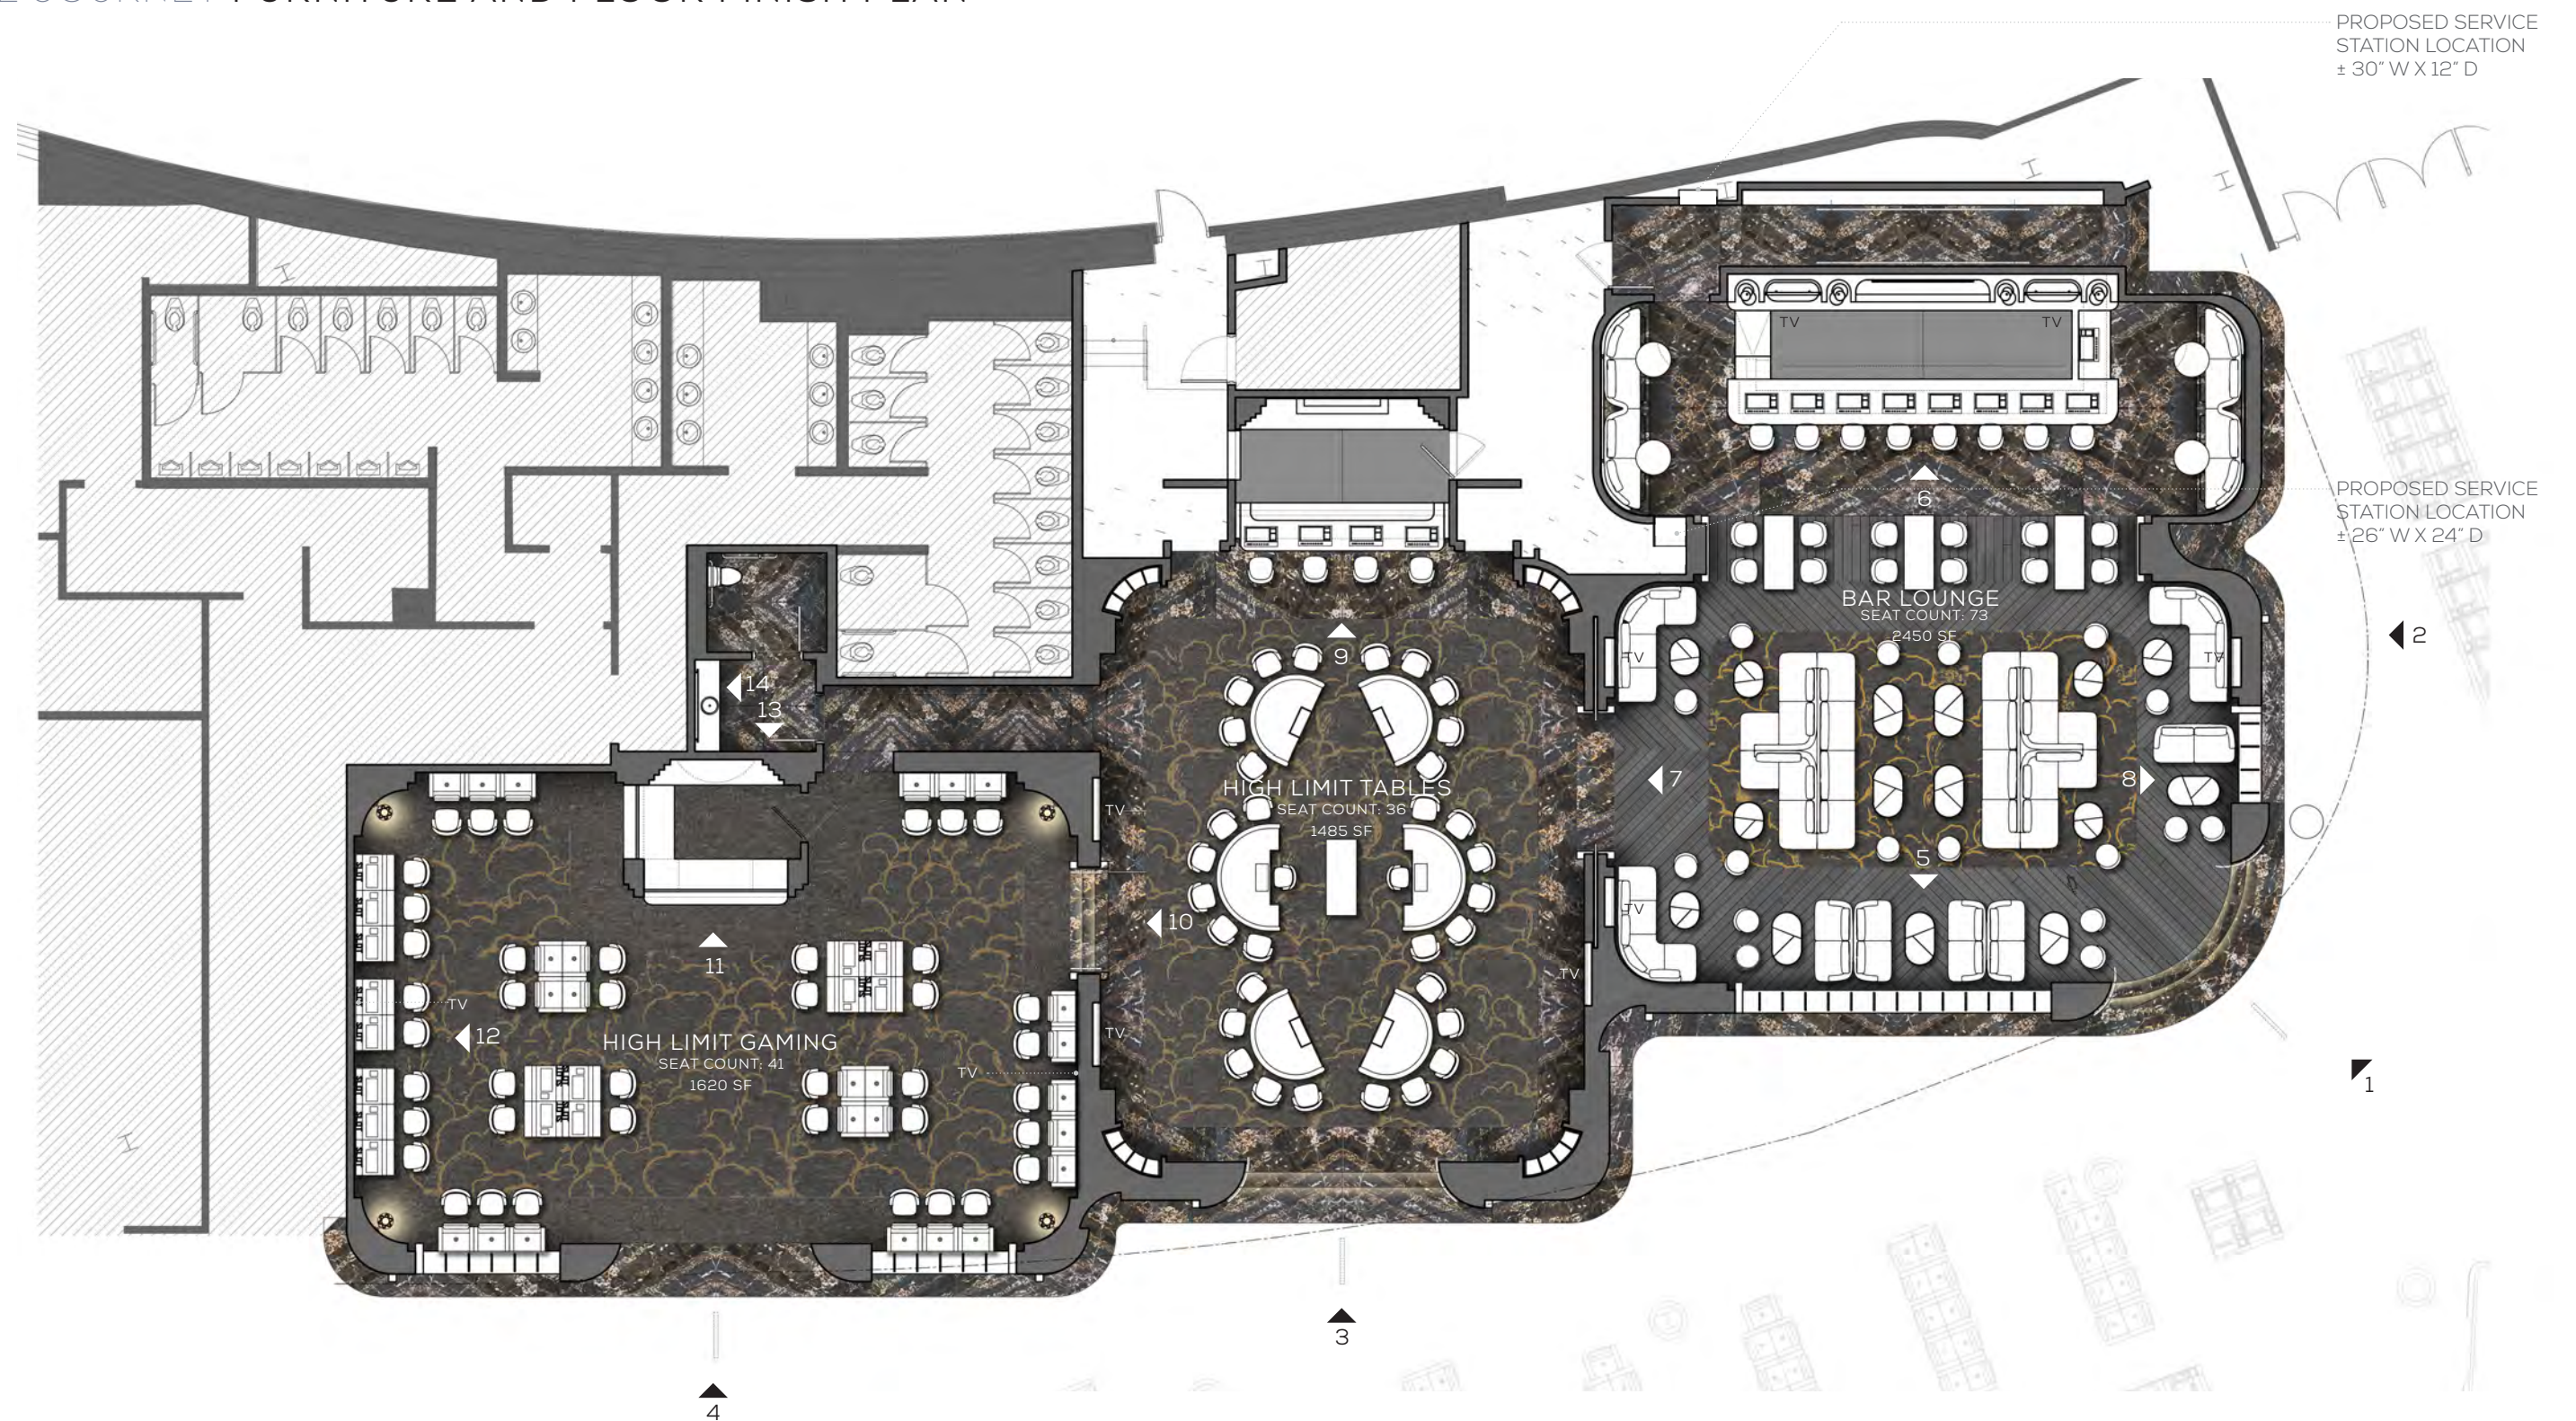

An enigmatic curving facade conceals the energetic and rich atmosphere beyond, a series of rooms within rooms in which guests indulge and engage. Stately proportions and traditional elements contrast provocative art and curated furnishings to create an intimate experience reminiscent of a lush library bar.
