MUNGE

WE DO MORE THAN INTERIOR DESIGN.

We think beyond walls and floors and imagine the shared experience.

WE CREATE MORE THAN PRETTY PICTURES.

Studio Munge creates the energy that audiences respond to and brings businesses to life.

Since 1997, we have been positively impacting the communities and cities we design in.

WE IMAGINE EXCITING SPACES.

Spaces that people want to be a part of. We have a keen insight, foresight, and passion for the flow of design that brings a space to life.

ORIGINALS

Toronto based writer, actor, fashion designer, and mother Claudia Dey makes her living doing what she loves. Her clothing brand, “Horses Atelier,” seeks the customer that appreciates quality – from sourcing, to manufacturing, to style. Going against all of the advice she’s ever been given in her multitude of careers, we appreciate her independence, originality, and pioneering spirit as a queen of all trades.

ROOM CENTRIC

His career in film is only beginning and Xavier Dolan, of Montreal, Quebec, has already established himself as a screenwriter, director and an actor among other titles. We believe that a creative mind such as Dolan’s requires a room with thoughtful details to encourage creative brainstorming and inspire beautiful remarks for his artistic career.

MODERN BUSINESS

“Fashion doesn’t dictate their style innovation does.” This was the response from Montreal natives, Ethan Song and Hicham Ratnani, when asked about the values of their consumers. Song and Ritnani are the creators of fashion label “Frank & Oak.” To us, their response is a sentiment about looking inward and designing something relevant to the future

CULTURED VACATIONER

Actor and Jewellery Designer Waris Ahluwalia is our Cultured Vacationer. Ahluwalia’s work takes him all over the world and although not a Canadian he has become a regular face in our city during the Toronto International Film Festival (TIFF). His eclectic sense of style and appreciation for both quality and beauty are values we share.
