

MASTER BEDROOM FF&E CONCEPT

A divine and heavenly element covering the couple inspired by The Chuppah.

Like a sheaf of small sparks, shimmers inspired by a celestial night sky.

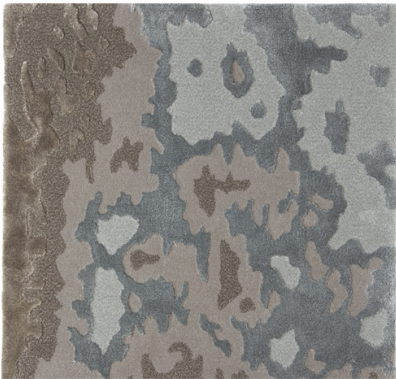

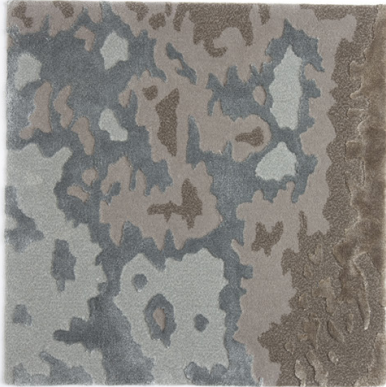

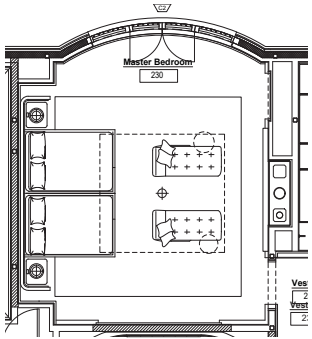

The Chuppah is celebrated under the sky and stars, which represents the blessing giving by God to the patriarch Abraham.

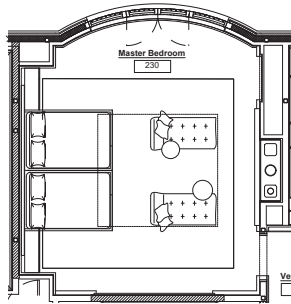

The Chuppah symbolizes the house that they will build together, as a couple. It has the characteristics of being open on all sides, this is a representation of Abraham and Sarah's shop.
