GROUND FLOOR | OVERARCHING DESIGN PRINCIPLES

GROUND FLOOR

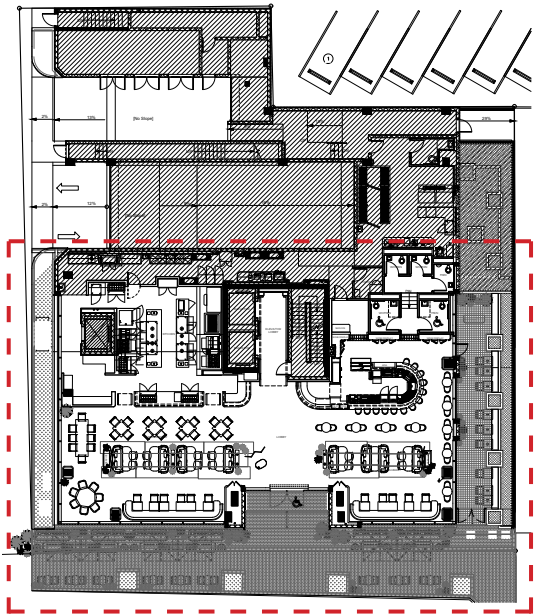

Dictated by form and simplicity, the Mediterranean architectural landscape radiates class and comfort; inspired by the perfect blend of sea and sky. Bringing a taste of this to Coconut Grove, the space reminiscent of the Mediterranean villa; welcoming guests to the villa’s living spaces and kitchen, where vibrant terracotta and warm colour tones personify the smells of the Mediterranean cooking and spices, To the rooftop tarrace on the top level, where the garden and the water view is the star. This residential dining experience will bring an elevated laissez-faire dining experience to the community.
